

- 1 Plug in and turn on the laptop/PC.

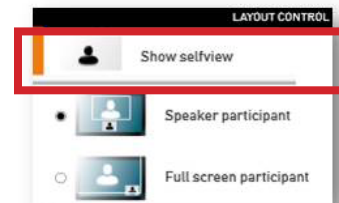

- 2 Connect the laptop/PC to your video conference equipment using the VGA or HDMI Cable.

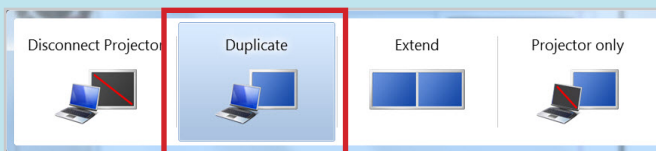

- 3 Press **Presentation** to display your laptop image on the screen. Press it again to return to the Main Camera view.

- 4 Press **Screen Layout** and select **Show selfview** from the layout control submenu to display the image of what you are sending to the far end site.

If your laptop does not display your presentation press  +  on your keyboard and select "Duplicate".

You may also need to change your resolution to 1024x768.
