

Add another organization to Microsoft Authenticator

Before proceeding you must have already enrolled in the Multi-Factor Authentication (MFA)
<https://healthproviders.sharedhealthmb.ca/files/mfa-enrolment-qrg.pdf>

- 1** Select **Add account.**
- 2** Select **Work account.**
- 3** Select **Scan a QR code.**
- 4** On the computer, scan the QR code that appears.

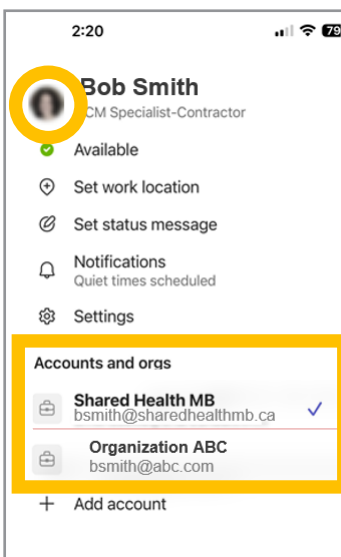

! If the organization you selected has additional security requirements, you might be prompted to provide an additional piece of security information.

Switch/toggle between organizations in Teams

Mobile

- tap your profile icon on the top left of your screen
- tap to select the organization from the list

Desktop

- click your profile icon on the top right of your screen
- select the organization from the list
