

## MBTelehealth is rolling out 5 digit dialing

MBTelehealth's 5 digit dialing is a new and efficient way to help you connect with sites across the province. Each MBTelehealth site will be assigned a 5 digit number for ease of dialing instead of searching through the directory by site name. 5 digit dialing will be available December 19, 2016.

### Where to find the 5 digit number

The 5 digit number can be found on various iScheduler reports as shown below:

**Whiteboard Report**

Total Number of Events Between 12/12/2016 and 12/19/2016 : 2

---

**MBT Admin ( 67 )**

 Patient Location: CLIN1-Clinics Exam Room 3

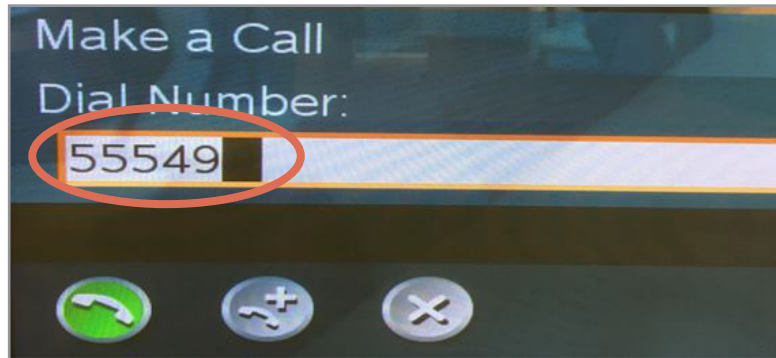

Check before you connect - if you connect to the wrong room you may be interrupting someone else's confidential clinical appointment.

Remember! Some towns/cities have multiple telehealth locations.

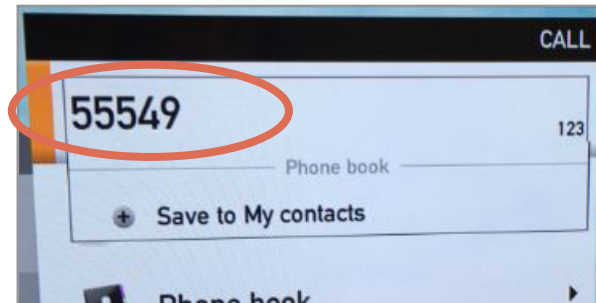

### Make a call using the 5 digit number

Pick up the remote control and type the 5 digit number using the keypad on the remote and then press **Call** to connect.
