

**1** Plug in and turn on the laptop/PC.

**2** Connect the laptop/PC to your video conference equipment using the VGA or HDMI Cable.

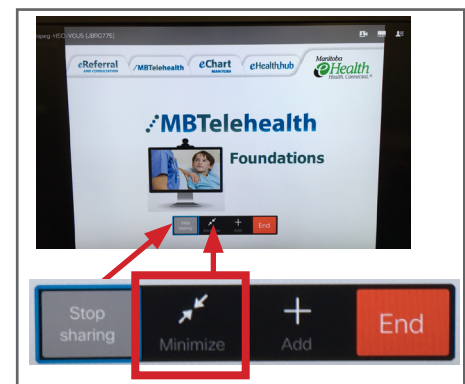

**3** Press the **Back** button on the remote control to display the onscreen menu items.

Select **Share** and press **OK** on the remote to share your presentation.

**4** The size of the shared image is controlled by pressing the **Minimize** icon (select if required).

Select **Share>Stop Sharing** and press **OK** on the remote when you are finished your presentation.

If your laptop does not display your presentation press **Windows + P** on your keyboard and select **“Duplicate”**.

*You may also need to change your resolution to 1280x720.*
